

S-POS M Piccolo Ticket Vending Machine

For stationary use

The FELA ticket vending machine S-POS M Piccolo is the least expensive alternative for stationary use in stations and at way stations.

The vending machine is very easy to use and service, meets the requirements for a version suitable for the disabled and is optimally protected against vandalism. The trouble-free vending machine demonstrates its high technical reliability in daily use. The information for the customer is optimally legible due to the robust ultra-bright 15-inch touch screen and the automatic brightness control, even in adverse weather conditions. Locked six times and equipped with a multi-stage coin checker, this ticket vending machine also impresses with its simple, maintenance-friendly module replacement and a powerful backend.

In addition, the S-POS M Piccolo has the RFID readers ISO 14443 and 15693 as integral elements.
