

# Cash table for bus installation

## Robust Cash Table System

Designed for 6-tube CHF or EURO cash changers with additional storage space for banknotes and coins, FELA cash tables support the driver-operated sale of tickets in the bus in a proven and reliable manner. Supplied with or without a work table for the vending machine, our cash tables fit into almost any installation situation. Individual fabrications are also possible without any problems for large quantities - talk to us.

The qualities of the AK1079 cash table are evident in its compact dimensions, excellent quality and in a modern black-grey design differing only from its big brother, the AK1080, in the integrated multi-journey ticket printer.

### Cash table

- Robust construction for vehicles with VDV workstation
- Easy to install thanks to the slanted design of cash tables with or without an integrated printer for multi-journey tickets
- Central locking for cash plate, changer and note compartment
- Available with and without a work table
- 6-fold coin changer also for 5-CHF coins
- Integrated coin overflow container, ergonomic cash tray and cash register for leftover coins
- Notes and reserve paper compartment

### Accessories

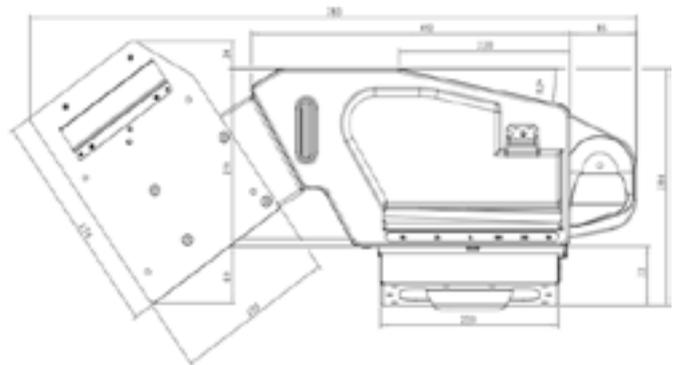

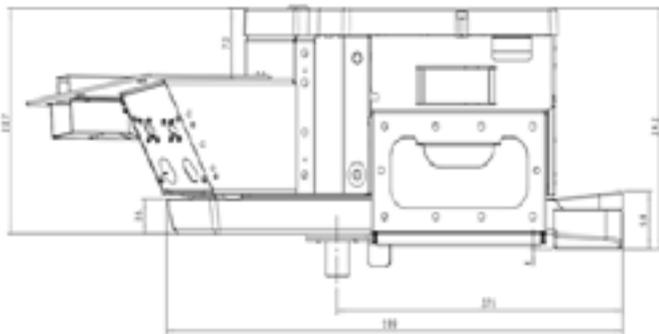

- Carrying case for coin changer
- Change purse to latch onto the sheet banknote compartment
- Support arm for mounting on mandrel
